

SUBJECT: Request to Declare Surplus City Police, Fire Department, and Public Works Vehicles and Equipment

COMMISSION ACTION REQUESTED ON: 08/16/2017

PURPOSE: To declare older Police, Public Works, and Fire Department vehicles and equipment to be surplus. This will be done so that vehicles and equipment may be disposed of through Public Auction.

HISTORY: The City of Brunswick periodically has surplus vehicles and equipment which are no longer serviceable or may be too costly to repair. Those items are then brought to the City of Brunswick Commission to be declared surplus, and are made available for sale to the public. Recently we have been successful in using the Gov.Deals Auction website to get the most money for the items.

FACTS AND ISSUES: The items listed below are the vehicles and equipment from the Brunswick Police Department to be declared surplus:

Police Vehicles to be Declared Surplus

CVH	Year	Make	Model	Mileage
