---

**COMMISSION ACTION REQUESTED ON:**                              N/A          

**PURPOSE:**    to present findings from the Congress for the New Urbanism (CNU) study conducted earlier this year

**HISTORY:**    Once a vibrant corridor in a thriving city, Norwich St boasted the main commercial corridor from north to south through coastal Brunswick. But over the years, time has taken its toll on this neighborhood and disinvestment has become the norm. In recent years, however, the City has seen more attention to Norwich St and now can see the vacant spaces and buildings as excellent opportunities to address the look and feel of this corridor.

**FACTS AND ISSUES:**       Brunswick was selected as a 2018 Congress Legacy Project community through CNU. CNU is an international nonprofit organization working to build vibrant communities where people have diverse choices for living, working, and getting around.

**BUDGET INFORMATION:**       Incremental projects to be funded through Norwich Commons funds, SPLOST, and LMIG.
