

ADDENDUM #1 – May 9, 2019

Scope of Work (Revised):

Item I: Asbestos Abatement – Asbestos testing has been completed. All asbestos-containing materials such as floor tiles, carpet glue, etc. must be removed from the site prior to demolition. This item shall also include all costs for removal of all furniture and accessories from the site prior to removal of asbestos-containing material, as well as the removal of the asbestos-containing materials. The item shall include costs for proper containment and disposal of such items.

Revised to:

Item I: Furniture and Accessory Removal prior to Asbestos Abatement - This item shall include all costs for labor and equipment necessary for removal and disposal of furniture and accessories from the site prior to removal of asbestos-containing material. Quantity estimates for removal of furniture and accessories can be obtained from site visits arranged through City of Brunswick staff. Removal and disposal of asbestos-containing material will be provided by others following the removal of furniture and accessories and prior to demolition. Removal and disposal of asbestos-containing material shall not be part of this contract.

Bid Form revised and attached
