

Waste Management's (WM) last week of service will be the week of August 14th, ending August 18th. WM will service trash and recycling carts as normal the week of August 14th. WM will begin collecting both recycle and trash carts beginning on the 14th of August and continuing through the 18th of August. As WM performs the last service on the week of August 14th, WM asks that residents leave all carts at the curb, even carts that are not being used or that are empty. Immediately, or as close as possible to immediate after service, WM will collect all carts collect the trash and recycle containers. Please leave all carts that you currently use at the curb until they are collected. As an example, Monday trash and recycle routes will be serviced as normal on Monday the 14th, and Monday trash and recycle carts will be collected by WM on that same day (or as close to it as possible). Republic Services will deliver replacement recycle and trash carts beginning August 4, 2017. The 21st of August will be the first collection day for Republic Services in the City. Any questions please call 912-267-6400.
