Description of Temporary Display: \_\_\_\_\_

As the business owner, or authorized agent, I agree to comply with the City of Brunswick's temporary sign regulations. I understand that the temporarily displayed signage cannot total more than 300 square feet in display area, to include multiple signs. I understand that the business cannot obtain more than four separate sign permit within a calendar year. Temporary signs cannot be displayed for a period longer than 14 days with each temporary sign permit, and there must be at a minimum one week time period between separate temporary sign permits. I understand that no signage, temporary or permanent, is allowed to be displayed in the public right-of-way. I also understand business owners who display temporary signs than the allotted 14 days that are permitted with this permit will be subject to municipal prosecution.
