

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This document serves as the City of Brunswick's 2015, Year 2, Consolidated Annual Performance and Evaluation Report (CAPER) for the Community Development Block Grant (CDBG) Program. This report is submitted in response to the performance requirements described in the Consolidated Plan regulations at 24 CFR 91.520.

Using CDBG funds assistance to 265 individuals was provided through Public Services. One sub-standard, unsafe structure was demolished. One Public Facilities & Improvements projects were scheduled this grant program year using CDBG funds. The Public Facilities & Improvements projects are just reaching completion at the time of this report, but will be completed during the 2016 grant program year. We also provided rehabilitation assistance to 19 households. The City routinely spends 100% of its CDBG funds on activities benefiting low income individuals and families, activities which include not only those listed, but also Fair Housing activities and technical assistance and training.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan,

giving special attention to the highest priority activities identified.

Investments were allocated according to responses to programmatic opportunities and

client response to funding availability. Rehab programs were targeted to the CDBG Eligible Areas or as individual benefit to low-income households. Public services were offered to low-income areas and to all qualified residents.

The City continues to make available a significant portion of the federal grants to programs and activities that directly benefit low –income residents with health and human services to help people achieve self-sufficiency, and thereby break the poverty cycle. These services include, nutrition, education, after school and GED instruction to senior services, and homeless services. With regards to non-housing issues, the City was fortunate to benefit from their partnership with nonprofit organizations that provided direct services to families for basic human needs. These organizations were able to assist hundreds of low income individuals by leveraging CDBG funding with other funding sources.

Affordable housing and park improvements have all helped to make this area much improved for its low income citizens.

The Community works well together to serve the low income. Other organizations and entities not funded with CDBG partner with the City's Community Development Block Grant Program to assist in serving the residents of Brunswick and achieving the goals of the Consolidated Plan. The Housing Authority (PHA), Goodwill, the United Way, Grace House, Bright Star and Communities in Schools along with our nonprofit organizations support the City's goals of meeting the community development needs outlined in the Annual Plan. In addition to the City's investment of entitlement funds for housing rehabilitation for low-moderate income persons, the Brunswick Housing Authority serves the affordable housing needs of low, low-moderate, and very low income persons through it's public and assisted housing programs. The Continuum of Care funds the Homeless to Homes program, helping the City address its homeless population. Along with the agencies that serve to assist in

the provision of affordable housing, the Amity House serves victims of domestic violence.

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

Public Services also known as health and human services assisted 201 individuals. Ninety-three percent (93%) of those assisted were Black or African American. The population of Brunswick was 31.4 percent White and 59.2 percent African-American, according to the 2010 U.S. Census. The total number of households in Brunswick is 5,560. Of the 5,560, 3,170 (56%) live below the HUD 80% AMI limit. Census data shows that Black or African American residents of Brunswick have a disproportionately greater need and experience higher unemployment and lower incomes. African-Americans reside mostly in the western parts of Brunswick (CDBG eligible area). Those tracts range from 62 to 76 percent of the total population of the city.

Table 4 – Identify the geographic distribution and location of investments

Narrative

Maps show some census tracts in western parts of Brunswick are home to relatively high portion of the city's African-American population, with the total African-American population in those tracts ranging from 62 to 76 percent of the total population of those tracts, in a city where the total African-American population is 59 percent of the total population of the city. Likewise, there are tracts in the eastern parts of the city that are home to relatively high portion of the city's Hispanic population, ranging from 10 to 27 percent of the total population of the tracts, compared to a total Hispanic population in the city of about 11 percent.

Most of the city's proposed and completed activities were based upon income eligibility not location. The public services are based upon individuals income qualifying, as were the housing rehabilitation activities. Through public input gathered with the use of surveys, the City allocated funding for public improvements to the Liberty Ship Trail and parks which are all located in low-income neighborhoods. The park projects improvements were targeted to CDBG -eligible areas but will benefit all residents in the community utilizing the parks, regardless of income. Therefore, the City's allocation of funding impacted persons citywide, with investments in CDBG-eligible areas.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The city uses all available funds and partners with local nonprofit agencies, private for profit developers and contractors, and other state and local funds to meet the needs of the community and its citizens.

The City does not receive HOME funds and does not “calculate” match when considering projects and activities to fund. It does seek partnerships and funding opportunities to stretch federal grant dollars to achieve maximum benefit for its low and moderate income residents.

The City planned and successfully completed projects were Liberty Ship Trail would benefit from the use of Georgia Department of Transportation owned land or property.

CDBG funds have been used to develop three (3) parks Inez Williams, renovations to the park e.g. playground equipment and picnic benches; Perry Park and Good Year Par playground equipment. The City leveraged CDBG funds in the redevelopment of Inez Williams Park with Special Local Option Sales Tax funds and community donations. Money and landscaping materials were donated along with in-kind labor of inmates to lower construction costs.

The City continues to use volunteer labor to assist with the rehabilitation of housing units for low to moderate income families.

The City rehabilitated 19 houses during this reporting period. The City did not meet the goal of *addressing* 27 houses due to staff turnover and a temporary program stoppage.

Discuss how these outcomes will impact future annual action plans.

The City has hired new staff and is confident that it will be able to achieve proposed goals in the future and will continue to provide affordable housing assistance.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)
Evaluate the jurisdiction’s progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Brunswick continued to work with the Georgia Balance of State Continuum of Care coalition. City staff participated in the yearly point-in-time count of the homeless and survey. The City funded several public service activities geared towards outreach to the homeless, particularly homeless youth. Through the provision of food vouchers and youth activity programs the city assisted 49 homeless persons.

HOMELESS PREVENTION 2

Addressing the emergency shelter and transitional housing needs of homeless persons

Brunswick did not provide federal funding for shelter activities. Local organizations address these needs through alternative funding. The City of Brunswick does not provide entitlement funding for homeless shelters. However, shelter needs are supported by local organizations and resources that address homeless shelters, supportive housing, halfway housing, transitional housing, day shelters, low income housing and drug and alcohol treatment.

Agencies such as: Grace Housing, Brunswick PHA, Totally Free, Inc., Southeast Baptist Senior Care Inc., and others provide homeless services and addresses emergency shelter and transitional housing needs.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

No funding was proposed in the Annual Plan to address homeless prevention but the City continues to partner with local service providers through the Continuum of Care Coalition.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

No funding was provided to address issues relating to transitional housing for the homeless. The City supports the efforts of the Continuum of Care to address homelessness issues through their funded organizations.

HOMELESS PREVENTION

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

No funding was provided through CDBG for the Brunswick Housing Authority. The Housing Authority has 578 public housing units and 734 vouchers to assist low to moderate income persons. The average income for a public housing tenant is \$8096 and \$10,381 for tenants with vouchers. There is still an unmet need for housing, and the PHA has a multi-year waiting list.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The PHA continues to have resident councils at each housing development to encourage tenant involvement and participation in homeownership program.

Actions taken to provide assistance to troubled PHAs

No action was taken to assist any troubled PHAs.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

During this reporting period, no actions were taken to remove the effects of policy polices that may impede affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City continues to research new funding sources for programs to address underserved needs. Funding limitations is a major obstacle to providing the services needed to focus on the remaining and growing issues that prevent families from breaking the cycle of poverty.

UNDERSERVED NEEDS

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

All homes are inspected by third party. Posters are posted in CD department.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City partnered with the COC Coalition to reduce the number of poverty-level families through the development of programs and services needed to assist those families with education, job opportunities and life skills training.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City funded and continues to work with nonprofit organizations to address community needs and to provide supportive services. Private partnerships were sought to address housing needs and to leverage funds.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City remains committed to coordinating planning activities with private housing and social service agencies, including the COC. The city staff also continued its participation in other coalitions and study groups, when invited.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City of Brunswick contracted with JQUAD Planning Group, LLC in May of 2016 to conduct outreach efforts aimed at creating greater awareness of protections provided under the Federal Fair Housing Act and by the State of Georgia insuring fair housing and equal protections to fair and equitable housing. The City of Brunswick 2015 – 2019 Consolidated Strategic Plan and 2015 – 2016 Annual Plan identified, as a priority need, implementation of the Analysis of Impediments to Fair Housing Choice (AI) and outreach efforts aimed at implementing the recommendations in the 2015 AI final report.

Fair Housing

The Fair Housing outreach & training effort was designed to reach out in a systematic manner to stakeholders involved in the housing and related industries, and the affected public, in an effort to improve education and training to the constituents most likely to impact or be impacted by fair housing. Outreach was intended to provide the following benefits. Outreach & training helped to keep the lines of communication open among citizens and the industry providers; Outreach & training promoted a cooperative effort among the public, industry and the City of Brunswick government in the development of programs, projects, activities and services dedicated to insuring equal access to housing. Outreach &

training worked to assure equal opportunities for all citizens and enhances their access to fair housing information and access to agencies and organizations with responsibility for enforcing fair housing laws; Outreach & training actively promoted the Fair Housing Law and other Civil Rights Legislations. Addressing Impediments to Fair Housing Choice through Outreach Fair Housing Outreach invited participation including City of Brunswick public officials; representatives of the public service, business, industry, education, and public and private housing sectors; as well as the general public and advocacy organizations, and will focus on the following impediments to fair housing choice identified in the AI. Financial Literacy and Access to Housing Resources Predatory Lending Housing Affordability Housing Repair and Neighborhood Improvements, Public Services and Volunteer Home Repair Services Public Policy, Industry and Community Involvement in Fair Housing Transportation and Mobility While some organizations were not able to participate in these discussions, they have provided input to the Analysis of Impediments process in 2015. Outreach Recommendations to be implemented as part of the 2016 Annual Plan The major issues and concerns voiced by most participants were relative to housing affordability, cost of housing repairs, and substandard housing conditions. Most participants did not believe that acts of discrimination in the housing market or violations of the Fair Housing Act were major issues, but believed that the issues impacting fair housing choice are most impactful for low income and minority populations. The following recommendations are being submitted to the City of Brunswick resulting from the outreach efforts. Volunteer Housing Repair efforts need to be expanded. Currently, volunteer efforts are largely based on national organizations such as Volunteers of America and skilled labor groups. Greater participation is needed from the faith community, neighborhood organizations, general public, and local business and industry, while continuing partnerships with current participation organizations. Volunteer teams used to perform home repairs from these local resources should be encouraged with supplies for home repair funded with CDBG funds. Additional resources for home repair and home buyer assistance should be identified. Greater emphasis is needed on financial literacy. These recommendations should be reviewed to determine specific programs and resources that can be utilized in providing solutions to these issues. Implementation should be included in the next three Annual Plan Years. Other issues included transportation and mobility, predatory lending, and the need for increased wages and recruitment of industry and jobs paying living wages to workers in order to fill the gap between incomes and cost of housing. National standards for housing affordability include paying no more than 30% of household income for housing related cost. In Brunswick, a large segment of the population pays more than 50%.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The purpose of monitoring and coordination is to ensure that community input and participation during the implementation of the ConPlan and Action Plan, build public/partnerships to implement the Plan, while monitoring and evaluating the goals, strategies and program outcomes.

The coordination of various resources, including funding sources, departments, agencies, people and organizations, facilities and programs, to achieve the stated objectives is addressed in detail in the adopted Citizen Participation Plan. Starting with the identification of needs and ending with the specific funding allocations for priority strategies, the process involves citizen participation and agencies representing housing, community development, and human service interests, both public and private, throughout Brunswick.

The City of Brunswick's Department of Community Development is responsible for monitoring activities related to the CDB Grant. The programs and activities proposed for the Consolidated Plan were monitored quarterly. The City monitors the performance in meeting the strategic goals outlined in the Con Plan by referring back to the Annual Action Plan at least quarterly.

The timeliness of expenditures is of the utmost importance. The City utilizes a comprehensive implementation schedule to ensure that CDBG funding is expended in a timely fashion. Sub-recipients should be monitored at least on a bi-annual basis. Sub-recipients failing to report as required in their grant agreements may be monitored more frequently. Progress notes and findings will be noted in the CDBG files maintained by the Department of CD to document monitoring activities.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Based upon the Community Participation Plan, the CAPER was posted for public comment on the City's website and in the local newspaper. At the end of the comment period, the CAPER was presented at City Commission meeting and approved for submission. Any comments received were incorporated into the document.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The only change in objectives was the addition of demolition activities.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

Part III: Summary

Indicate the efforts made to direct the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs, to the greatest extent feasible, toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. (Check all that apply.)

- Attempted to recruit low-income residents through: local advertising media, signs prominently displayed at the project site, contracts with the community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods.
- Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.
- Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.
- Coordinated with Youthbuild Programs administered in the metropolitan area in which the Section 3 covered project is located.
- Other, describe below.

The City uses primarily volunteer labor (youth & church groups) to perform housing repairs (mostly for re-roofing & painting).

Public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB number.

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u, mandates that the Department ensures that employment and other economic opportunities generated by its housing and community development assistance programs are directed toward low- and very-low income persons, particularly those who are recipients of government assistance housing. The regulations are found at 24 CFR Part 135. The information will be used by the Department to monitor program recipients' compliance with Section 3, to assess the results of the Department's efforts to meet the statutory objectives of Section 3, to prepare reports to Congress and by recipients as self-monitoring tool. The data is entered into a database and will be analyzed and distributed. The collection of information involves recipients receiving Federal financial assistance for housing and community development programs covered by Section 3. The information will be collected annually to assist HUD in meeting its reporting requirements under Section 808(e)(6) of the Fair Housing Act and Section 916 of the HCDA of 1992. An assurance of confidentiality is not applicable to this form. The Privacy Act of 1974 and OMB Circular A-108 are not applicable. The reporting requirements do not contain sensitive questions. Data is cumulative; personal identifying information is not included.

NOTICE OF AVAILABILITY
15 DAY COMMENT PERIOD
HUD 2016 CONSOLIDATED ANNUAL
PERFORMANCE AND EVALUATION REPORT

In compliance with regulations of the U. S. Department of Housing and Urban Development (HUD) governing the City of Brunswick Community Development Block Grant Program the City will hold a public hearing to receive comments on its Consolidated Annual Performance and Evaluation Report (CAPER). The purpose of this Report is to present to HUD and to the citizens of Orange a summary of relevant information regarding the expenditure of Federal grant funds from HUD during the past reporting period of July 1, 2015 through June 30, 2016. Copies of the CAPER in draft form will be made available at the City of Brunswick Department of Community Development located at 601 Gloucester Street, Brunswick GA 31525, on Friday, November 4, 2016 from 8:00 a.m. to 5:00 p.m. Monday through Friday, during normal business hours and on the City of Brunswick. Comments on this report will be solicited at the annual performance and assessment public hearing scheduled for Monday, November 14, 2016 at 5:30 p.m., at the Ed Haup Room, Brunswick Police Department, 206 Mansfield Street, Brunswick, GA 31520. Written comments are also welcomed and must be received in the office of Department of Community Development, 601 Gloucester Street, Brunswick GA 31525 Monday, November 21, 2016 at 4:00 p.m. All public comments regarding the City's performance under these grant programs and regarding the proposed changes to the Consolidated Plan will be included as Appendices to the report. The final report as proposed will be submitted to HUD on or before Monday, November 21, 2016. The report contains accomplishments, number of persons assisted, with the Community Development expenditures of the Community Development Block Grant 2015 Program Year. For more information or questions regarding this performance and associated public hearings, please contact Shauntia Lewis, Neighborhood Revitalization Manager, 601 Gloucester Street, Brunswick GA 31525 912-267-5530, or by email at slewis@cityofbrunswick-ga.gov
