## 1. TAD # 1: Historic Core Redevelopment Plan Summary

This section presents an executive summary of the key elements of the redevelopment plan for the City of Brunswick Tax Allocation District #1: Historic District.

The City of Brunswick presents this plan outlining the rationale, boundaries, fiscal data and potential projects that could result from the formation of the City of Brunswick Tax Allocation District #1: Historic Core. This Redevelopment Plan was prepared in conformance with the provisions of Georgia's Redevelopment Powers Law (O.C.G.A. Title 36 Chapter 44) that governs the creation and operation of tax allocation districts (TADs) in the state.

### 1.1. The Opportunity

The opportunity for the City of Brunswick is to leverage private reinvestment through targeted public improvements that will:

1. Implement the vision set forth in the 2007-2027 Glynn County Joint Comprehensive Plan, adopted by the City of Brunswick in October 2008.
2. Help to re-activate the City's historic downtown core, its unique waterfront, and the Gloucester, Norwich and Highway 17 corridors.
3. By stimulating investment in the TAD area, offset the decline in property values in the city. Since the Great Recession in 2009, property values in the City of Brunswick have declined by 24%.

### 1.2. Overview and Geographic Boundary

The proposed City of Brunswick Tax Allocation District #1 includes the properties within the boundaries shown on the following map. The TAD area consists of 687 parcels totaling 481 acres. The proposed TAD area contains properties in the Downtown Historic Core, along the city's waterfront, along the Gloucester Street Corridor, and the Highway 17 corridor running northward from the Downtown area, including the intersection with Torras Causeway northward to the city boundary. The 2016 taxable value of property in the TAD is \$28.8 million, which represents 8.95% of the city's property tax digest of \$321,612,543 million—which is under the 10% limit on the amount of a city's tax digest that can be included in its TAD districts collectively.

**City of Brunswick Proposed TAD #1 Summary**

<b>Brunswick TAD #1 - Proposed TAD Summary</b>	
Parcels	687
Acreage	481
2016 Taxable Value	\$ 28,798,842
2016 Brunswick Tax Digest	\$ 321,612,543
TAD as % of Brunswick Taxable Digest	8.95%
2016 Glynn County Tax Digest	\$ 4,336,227,431
TAD as % of Glynn Taxable Digest	0.66%
2016 Glynn Schools Tax Digest	\$ 4,171,747,696
TAD as % of Glynn Schools Taxable Digest	0.69%

Source: BAG, Glynn County GIS, Georgia Department of Revenue

Appraised Value is a parcel's fair market value (includes tax exempt property).

Assessed Value is 40% of the appraised value, taxable value is the appraised value of all non-tax-exempt properties.

The TAD is comprised of properties within the Downtown Historic Core and the surrounding area with redevelopment/infill potential that are along the commercial corridors coming into Downtown and which the city believes have the potential for future redevelopment. All of the designated TAD parcels are contiguous or connected by a public right-of-way into the TAD #1 area. Tax parcel identification numbers for properties included within TAD #1 are listed in Appendix B.

City of Brunswick TAD #1 District Boundary Map

### **1.3. Why City of Brunswick TAD #1 Qualifies as a TAD**

The City of Brunswick has the authority to exercise all redevelopment and other powers authorized or granted municipalities pursuant to the Redevelopment Powers Law (Chapter 44 of Title 36 of the O.C.G.A.), as approved by referendum on November 3, 2015.

Specifically, the City of Brunswick TAD #1 redevelopment area complies with the O.C.G.A. definition as a distressed area due to four factors:

1. The presence of high incidents of crime
2. The presence of pervasive poverty
3. High unemployment
4. The presence of vacant and deteriorated structures
5. The presence of a high number of older structures with low values

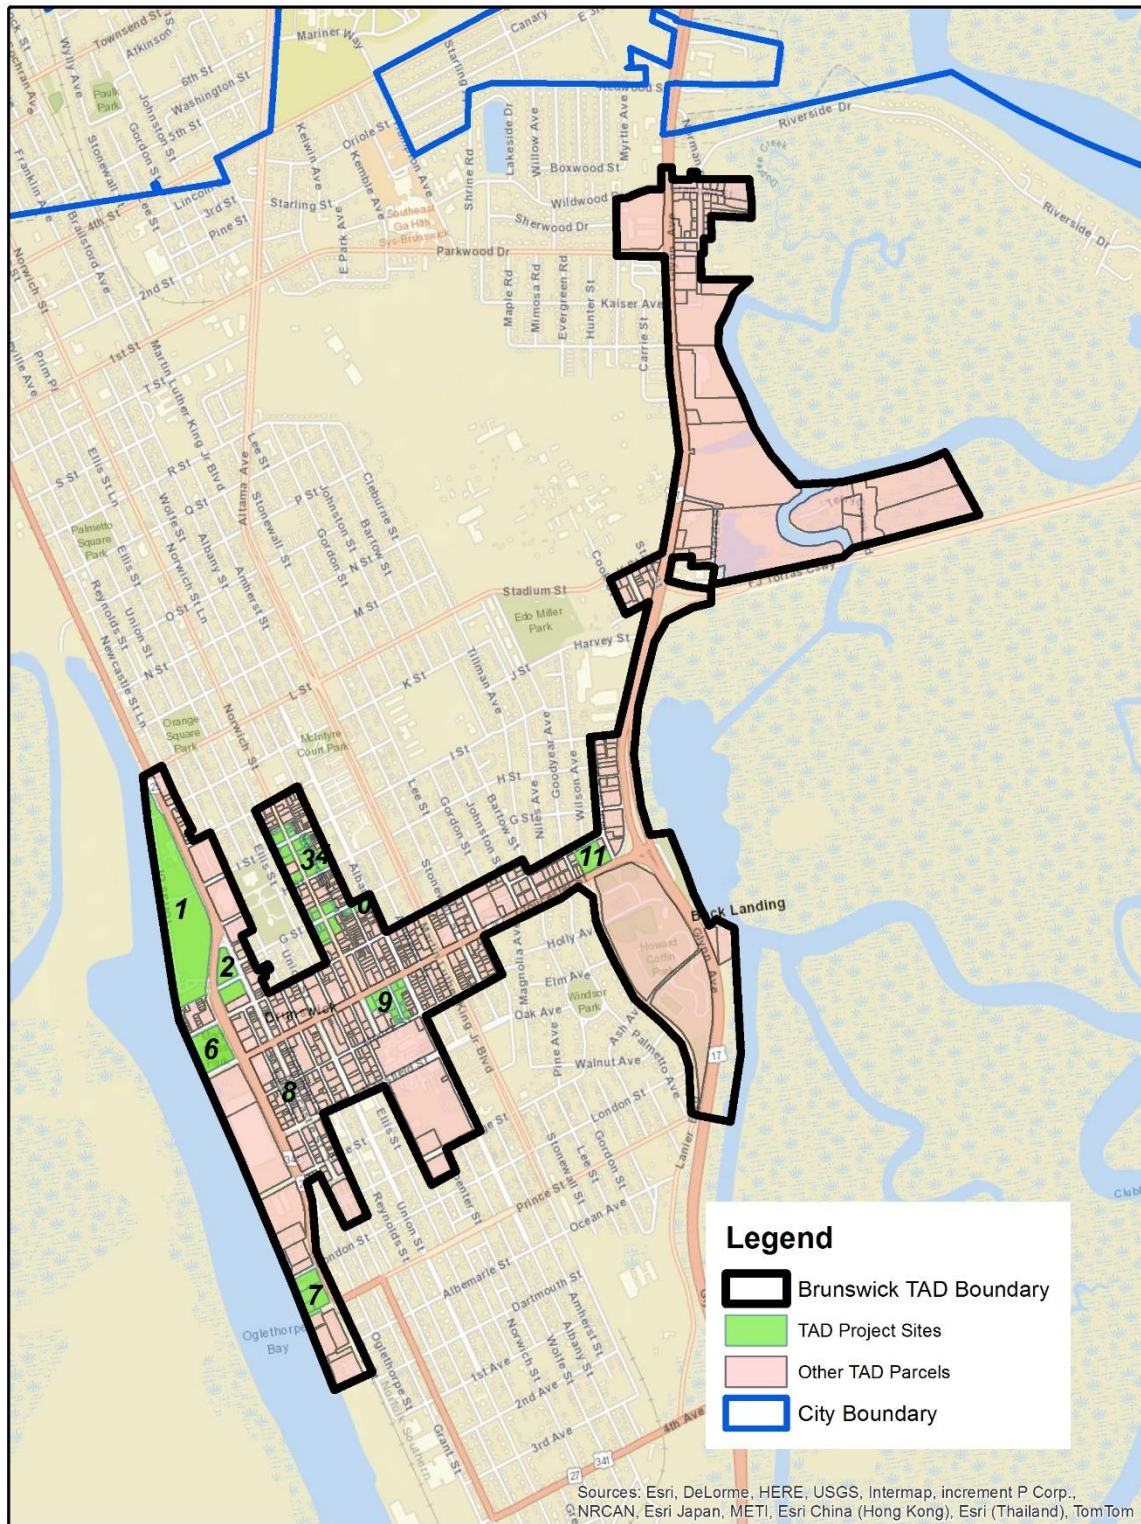

These factors are consistent with the requirements for definition of a redevelopment area in Section A, Chapter 44 of Title 36 of the O.C.G.A. as will be discussed in greater detail in later sections of this redevelopment plan.

### **1.4. The Redevelopment Plan**

This Redevelopment Plan envisions nine potential catalyst redevelopment projects within the TAD area that reflect community objectives identified in the City of Brunswick portion of the 2007-2027 Glynn County Joint Comprehensive Plan. These potential redevelopment projects illustrate the scope of feasible redevelopment in the TAD area.

Based on the development of these hypothetical projects, It is estimated that there is the potential for \$168 million of new market value to be created in the TAD at build-out, based on information on comparable developments in the area and consultant prepared estimates. Should all of this new development occur, it will lead to an estimated \$63.4 million increase in taxable value in TAD #1. This would represent a 20% growth in City's overall Tax Digest. This incremental increase in TAD #1 taxable value would have the potential to support up to \$16.6 million in net TAD bond proceeds to support new development.

### 1.5. Proposed Public Investments

The City is seeking to create TAD#1 to help fund the infrastructure, public improvements, and eligible redevelopment costs necessary to attract high-quality redevelopment in the historic core consistent with the shared community vision for this area of the City while expanding the City’s tax base and growing its economy.

The potential of TAD #1 to fund public improvements, infrastructure and redevelopment costs is currently estimated at \$16.6 million, which the City intends to fund through the tax allocation district for qualified projects. The initial funding priorities of the City of Brunswick for use of potential TAD funds is summarized in the chart below. (These expenditures are for illustrative purposes to reflect current City priorities but will be subject to change based on the City’s review of actual projects which request TAD funding in the future.)

**Potential Allocation of TAD Funds by Brunswick TAD #1 to Support Projects**

<b>Potential Use of TAD Funds by Brunswick TAD #1: Historic District</b>		
	TAD #1 Share	Allocation
Transportation and mobility enhancements	10%	\$ 1,660,000
Site-specific development activities	30%	\$ 4,980,000
Infrastructure improvements	10%	\$ 1,660,000
Public space, landscaping, lighting, and other improvements	20%	\$ 3,320,000
Other redevelopment initiatives	30%	\$ 4,980,000
<b>Total</b>	<b>100%</b>	<b>\$ 16,600,000</b>

*Categories and cost allocations are estimates for potential projects as of 2017 and are subject to revision as the Redevelopment Plan is implemented. As priorities are identified or addressed, specific project amounts, allocations and priorities are subject to change.*

### 1.6. Brunswick TAD Benefits

TAD#1 gives the City of Brunswick the ability to leverage substantial levels of new private investment in the City. Using TAD financing to fund construction of infrastructure, public improvements and qualified redevelopment costs will enable the City to leverage approximately \$17 million in TAD funding to attract \$168 million in private investment, a leverage ratio of nearly \$9.12 in private dollars invested for every \$1 of TAD investment by the City.

The creation of the City of Brunswick TAD #1, could increase the City’s overall taxable value from \$312 million to \$375 million an increase in the Digest of over 20.5%. This would result in approximately \$63 million in new taxable valuation that would support TAD funding for up to \$17 million in needed infrastructure, public improvements and redevelopment support om TAD #1.

**Summary of Brunswick TAD #1: Brunswick Historic Core Benefits**

<b>Brunswick TAD #1 - Summary of TAD Benefits</b>	
Market value of new private investment	\$ 168,363,691
Taxable incremental value at full build out	\$ 63,448,004
Potential project funding that would be supported by TAD	\$ 16,600,000

The benefits of the TAD to the City of Brunswick will include:

- A substantial increase in the City's Tax Digest, likely beyond the level that would have occurred without the TAD. The increase is estimated to be \$63 million in new incremental assessed property value at buildout, a substantial increase over the base assessed value of the property within the TAD – currently \$28.8 million.
- The TAD will support the redevelopment of the Downtown Historic Core and will create a more livable and attractive environment for residents, visitors and businesses in the City.
- Additional commercial and industrial development both in the core of Downtown and along key commercial corridors, like Gloucester and Norwich Streets and Highway 17, will further diversify the City's tax base. Vacant properties and underutilized land will be put back into productive use that will help to employ local residents and attract new visitors.
- The TAD will leverage substantial private investment. Using TAD financing to fund construction of infrastructure will enable the City to attract over \$168 million in private investment from an investment of \$17 million in TAD funds, a leverage ratio of nearly \$9.12 in private dollars invested for every \$1 of TAD investment.
- Development will create substantial growth in property and sales tax revenues for the City, County and School District. Once all TAD obligations of the district are retired, the City will receive the full property tax increment from the new development created. The City, County and School District will begin receiving the benefit of increased sales tax revenues as soon as development occurs and attracts additional demand to the area.
- The creation of this new economic activity in the Historic District should stimulate the "halo effect" noted in many other communities where new investment in the TAD attracts additional development to adjacent areas around the TAD.

### **1.7. Brunswick TAD Liability**

Tax allocation bonds or loans that may be authorized by the City of Brunswick would be secured by the property tax increment revenue generated from within TAD #1. Such revenue bonds or loans would not constitute a general obligation of the City and would not involve a pledge of the full faith and credit of the City of Brunswick.

# City of Brunswick Tax Allocation District #1:

## Brunswick Historic Core

### 2. Introduction

The City of Brunswick presents this plan outlining the rationale, boundaries, fiscal data and potential projects that could result from the formation of the **City of Brunswick Tax Allocation District #1: Brunswick Historic Core**.

The City of Brunswick has the authority to exercise all redevelopment and other powers authorized or granted municipalities pursuant to the Redevelopment Powers Law (Chapter 44 of Title 36 of the O.C.G.A.), as approved by Brunswick voters on November 3, 2015.

Brunswick will have the opportunity to leverage private reinvestment through targeted public improvements, enhanced infrastructure and critical investments in redevelopment that will help implement the vision set forth in the 2008 City of Brunswick Community Agenda, part of the City of Brunswick 2030 Vision presented in the City's 2008 Comprehensive Plan.

According to the Community Agenda:

*The City of Brunswick will grow into its future like a glorious Live Oak, with strong roots, quality communities, economic growth and revitalized image. [...] And the City ... will present a revitalized and rehabilitated image by showcasing its natural and historic beauty and by redeveloping its underutilized areas in a manner in keeping with its traditional, human-scaled development pattern. Polluted, contaminated, and dilapidated areas will be vigorously rehabilitated and made available for reuse.*

The city of Brunswick also prepared a fourth amendment of the City of Brunswick Urban redevelopment Plan in 2016, addressing many of the areas and redevelopment sites identified in this TAD plan. Among the identified goals and objectives of that plan were:

- *Use appropriate tools to buy and assemble property for revitalization and resale*
- *Encourage private enterprise/public-private partnerships to redevelop neglected areas of the community*
- *Use tax exempt bonds, secured by loans or grants, for redevelopment purposes*
- *Guide City investments in infrastructure to support redevelopment*
- *To utilize the development of public facilities within the Urban Redevelopment Area as catalyst for the creation of new desired private development, consistent with this plan*

The City of Brunswick Tax Allocation District #1: Brunswick Historic Core will create an essential tool for the City to reach its development goals. Specifically, the TAD will help to spur investment in the historic core district with enhancements to further economic development and sustainable growth. Specifically, the TAD will help to re-activate the historic core of Downtown, the Norwich corridor and Highway 17

corridor. By stimulating investment in the TAD area, offset declining and stagnating property values, fill empty storefronts and increase economic activity in the City for the benefit of all its citizens.

### 2.1. Geographic Boundaries

This plan calls for the creation of the City of Brunswick Tax Allocation District #1: Brunswick Historic Core, whose redevelopment area includes the parcels outlined and shaded in the boundary shown on the map below. Tax parcel identification numbers for properties included within the TAD are listed in Appendix B.

City of Brunswick TAD Boundary Map

## 2.2. Benefits to Brunswick Residents

The benefits to Brunswick residents from future projects in the TAD district include the following:

- A revitalized commercial core to stabilize and expand economic activity the historic downtown.
- Improvements to key public infrastructure enhancing the city's quality of life.
- An expanded job base in the commercial and hospitality sectors.
- Increased personal incomes and new local businesses which will generate expanded economic activity
- New private investment potentially valued at over \$168 million creating new employment options, a revitalized historic commercial center, and reuse of many acres of underutilized waterfront and commercial land in the heart of the City.
- Substantial new annual tax revenues from property taxes, sales taxes and business licenses.
- Overall commercial growth and increased infrastructure utilization within Brunswick.

## 2.3. Tax Allocation Districts Overview

Tax allocation districts (TADs) are Georgia's version of tax increment financing. Tax increment financing is a redevelopment funding mechanism that reinvests the future taxes from real estate development back into a project and surrounding infrastructure as an incentive to attract new private investment into an area, that "but for" the incentive would not have occurred. As described by the Council of Development Finance Agencies. ([www.cdfa.net](http://www.cdfa.net)), tax increment financing was created and first used in California in 1952. Hundreds of TIF districts have helped spur urban redevelopment in cities across the country. Today, 49 states and the District of Columbia use some form of tax increment financing.

In 1985, the Georgia General Assembly authorized formation of Georgia's form of tax increment financing called Tax Allocation Districts (TAD) through the creation of the Redevelopment Powers Act. The purpose of a Georgia tax allocation district is consistent with tax increment financing in other states. It uses the increased property taxes generated by new development in a designated redevelopment area to finance costs related to the development such as public infrastructure, land acquisition, relocation, demolition, utilities, debt service and planning costs.

Other costs funded by TAD might include:

- Sewer expansion and repair
- Storm drainage
- Street construction & expansion
- Environmental clean-up
- Park improvements
- Streetscape improvements
- Bridge construction and repair
- Curb and sidewalk work
- Grading and earthwork/site preparation
- Traffic control/access enhancements
- Multi-use paths/bike trails
- Public parking/parking decks

Cities and counties throughout Georgia have created TADs to stimulate major new construction and renovation or rehabilitation in underdeveloped or blighted areas. For example, ten TADs have been created in Atlanta, six in Columbus, and additional TADs have been created in Marietta, Smyrna, Acworth, Woodstock, Holly Springs, East Point, Clayton County and DeKalb County. Over 70 Georgia cities and counties either have approved the use of redevelopment powers in their communities.

A TAD offers local governments the opportunity to promote redevelopment projects in areas that otherwise are not attracting investment. The creation of the City of Brunswick TAD #1 will enhance the private development community's interest in investing in major redevelopment projects in the City of Brunswick.

A TAD will bring the City of Brunswick and Glynn County additional economic advantages as well. Other Georgia tax allocation districts, such as Atlantic Station in Midtown Atlanta and Camp Creek Marketplace in East Point, have demonstrated the benefits of TAD, including:

- **A stronger economic base** – Private development that would not have occurred without the TAD designation can be attracted by this incentive.
- **The “halo effect”** – Several Georgia TADs have generated significant new investment in areas surrounding the TAD as well as within the tax allocation districts, further expanding the positive economic impact.
- **No impact on current tax revenues** – Redevelopment is effectively promoted without tapping into existing general governmental revenues or levying special assessments on property owners.
- **Expanded local tax base** – By stimulating economic activity TAD's expand the local tax digest, and can generate additional retail sales, and as a result, increased SPLOST and ESPLOST revenues.
- **It is self-financing** – TADs are self-financing, since they are funded by the increased tax revenues from new development within the district.
- **High leverage** – Typically TAD funds can represent between 5-15% of project costs, leveraging 7 to 20 times their value in private investment.

In summary, the creation of a tax allocation district supports the infrastructure necessary to make an underutilized area attractive to private development, at no additional cost to the taxpayer. It does not create a tax increase for the community, nor does it reduce current tax revenues the community currently receives from the district.

The creation of the City of Brunswick Tax Allocation District #1 is designed to provide the financial incentive to support the creation of the vision set forth in the Joint Comprehensive Plan. As such, it is a highly appropriate and consistent use of this financing technique as authorized in Georgia's Redevelopment Powers Law.

### 3. Proposal

Through the creation of the City of Brunswick TAD #1: Brunswick Historic Core, the City is positioning the area for new opportunities for reinvestment and revitalization through the implementation of the vision for the community set forth in the Joint Comprehensive Plan.

#### 3.1. Grounds for Exercise of Redevelopment Powers

Tax Allocation Districts (TADs) are authorized in Georgia under the Redevelopment Powers Law, O.C.G.A. Title 36, Chapter 44. In 2009, the Redevelopment Powers Law was amended with the following definition of a “redevelopment area”:

*'Redevelopment area' means an urbanized area as determined by current data from the US Bureau of the Census or an area presently served by sewer that qualifies as a 'blighted or distressed area, a 'deteriorating area,' or an 'area with inadequate infrastructure' as follows:*

**(A) A 'blighted or distressed area' is an area that is experiencing one of more conditions of blight as evidenced by:**

- (i) The presence of structures, buildings, or improvements that by reason of dilapidation; deterioration; age; obsolescence; inadequate provision for ventilation, light, air, sanitation, or open space; overcrowding; conditions which endanger life or property by fire or other causes; or any combination of such factors, are conducive to ill health, transmission of disease, infant mortality, high unemployment, juvenile delinquency, or crime and are detrimental to the public health, safety, morals, or welfare;*
- (ii) The presence of a predominant number of substandard, vacant, deteriorated, or deteriorating structures, the predominance of a defective or inadequate street layout, or transportation facilities; or faulty lot layout in relation to size, accessibility, or usefulness;*
- (iii) Evidence of pervasive poverty, defined as being greater than 10 percent of the population in the area as determined by current data from the U.S. Bureau of the Census, and an unemployment rate that is 10 percent higher than the state average;*
- (iv) Adverse effects of airport or transportation related noise or environmental contamination or degradation or other adverse environmental factors that the political subdivision has determined to be impairing the redevelopment of the area; or*
- (v) The existence of conditions through any combination of the foregoing that substantially impair the sound growth of the community and retard the provision of housing accommodations or employment opportunities;*

**(B) A 'deteriorating area' is an area that is experiencing physical or economic decline or stagnation as evidenced by two or more of the following:**

- (i) The presence of a substantial number of structures or buildings that are 40 years old or older and have no historic significance;*
- (ii) High commercial or residential vacancies compared to the political subdivision as a whole;*
- (iii) The predominance of structures or buildings of relatively low value compared to the value of structures or buildings in the surrounding vicinity or significantly slower growth in the property tax digest than is occurring in the political subdivision as a whole;*
- (iv) Declining or stagnant rents or sales prices compared to the political subdivision as a whole;*
- (v) In areas where housing exists at present or is determined by the political subdivision to be appropriate after redevelopment, there exists a shortage of safe, decent housing that is not substandard and that is affordable for persons of low and moderate income;*
- (vi) Deteriorating or inadequate utility, transportation, or transit infrastructure; and*

**(C) An 'area with inadequate infrastructure' means an area characterized by:**

- (i) Deteriorating or inadequate parking, roadways, bridges, pedestrian access, or public transportation or transit facilities incapable of handling the volume of traffic into or through the area, either at present or following redevelopment; or*
- (ii) Deteriorating or inadequate utility infrastructure either at present or following redevelopment.*

### 3.2. Why the City of Brunswick TAD #1 Qualifies as a Redevelopment Area

The City of Brunswick has the authority to exercise all redevelopment and other powers authorized or granted municipalities pursuant to the Redevelopment Powers Law (Chapter 44 of Title 36 of the O.C.G.A.), as approved by Brunswick voters by referendum on November 3, 2015.

Specifically, the City of Brunswick TAD #1 redevelopment area complies with the O.C.G.A. definition for a redevelopment area Section 36-44-3 7-A as a “blighted or distressed area” due to the evidence of pervasive poverty, chronic decline in property values, and environmental contamination and degradation, consistent with Chapter 44 of Title 36 Section 7-A of the O.C.G.A.

#### (A) (1) Presence of High Crime

As shown on the following table, the City of Brunswick suffers from a high level of both violent and property crime. The exhibit below shows the incidents of reported crimes in seven categories as tracked by Neighborhood Scout using data from the FBI Uniform Crime Reports.

Crime Rates in Brunswick Versus National Average by Type 2015							
	Murder	Rape	Robbery	Assault	Burglary	Theft	Car Theft
Brunswick	0.12	0.87	2.85	7.8	16.59	39.74	4.02
USA	0.05	0.39	1.02	2.38	4.91	17.75	2.2

\* Crime rates per 1,000 residents

Source: NeighborhoodScout/FBI Uniform Crime Reports, 2016

Residents of Brunswick are two or more times more likely to experience each of the seven types of violent or property crime based on 2015 statistics. These high rates of crime are consistent across all seven of the crime types reported. The high rates of various crimes on Brunswick is shown graphically below.

#### (A) (iii) Presence of Pervasive Poverty

The City of Brunswick TAD #1 redevelopment area exhibits evidence of pervasive poverty.

Shown on the map below is the percentage of the population whose income is below the poverty level by census tract for the City of Brunswick. The proposed boundary of TAD #1 is superimposed on the maps for reference. As shown, a substantial portion of TAD #1 is in Tract 8 where 54% of residents have incomes below the poverty level. Census tracts 5.01 and 9 also exhibit high levels of poverty among its residents at 27.3% and 25% respectively. Thus, TAD #1 significantly exceeds the threshold level of pervasive poverty of 10% of all residents established in the Redevelopment Powers Law.

### Brunswick TAD #1: Households below Poverty, 2015

Source: US Census American Community Survey 2015, 5-Year estimates

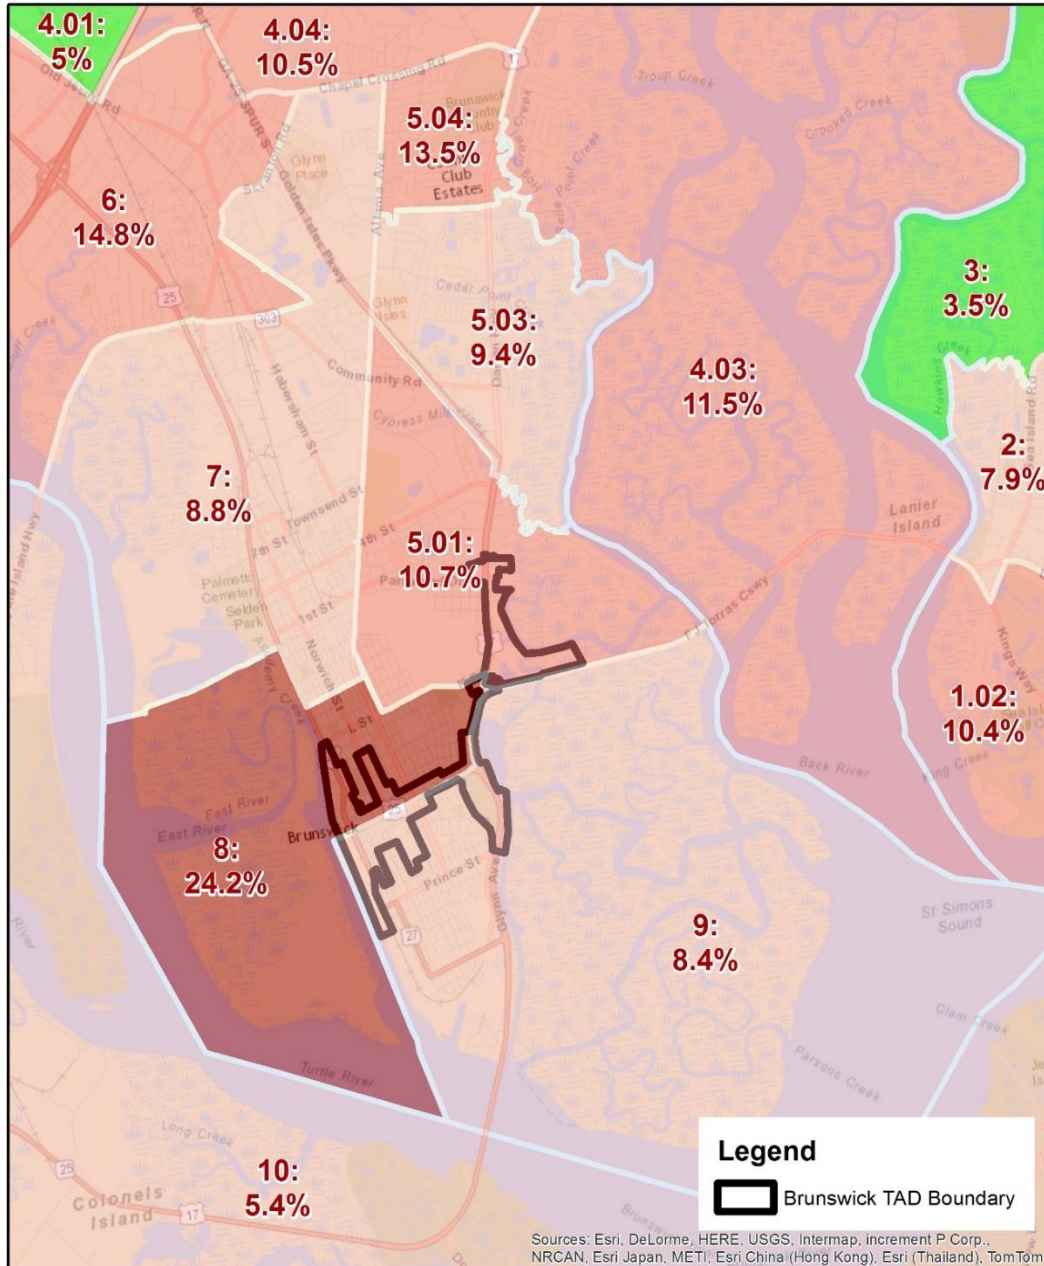

**Unemployment** --In terms of unemployment, the proposed TAD #1 is experiencing a high unemployment rate relative to statewide averages. In 2015 the state’s unemployment rate was 5.6%. As shown on the follow map, the unemployment rate Brunswick ranged from a low of 8.4% to a high of 24.2% in census

tract 8, significantly more than 10% higher than the statewide rate of 5.6% which is the legislative standard for determining high unemployment.

### Brunswick TAD #1: Unemployment by Census Tract, 2015

Source: US Census American Community Survey 2015, 5-Year estimates

**(A) (ii) Presence of Vacant, Deteriorating Structures****(B) (i) (ii) Presence of High Number of Older Structures, with Low Values**

As shown in the table below, the City of Brunswick has an older housing stock which contains a significant number of vacant structures and the owner-occupied units have a low median value.

City of Brunswick Housing Characteristics 2015				
	Brunswick	Glynn County	Georgia	Brunswick As % of GA
Total Housing Units	7,226	41,471	4,133,065	
% Renter Occupied Units	61.8%	39.0%	36.7%	168%
Vacant Housing Units %	15.3%	22.1	13.5%	113%
% of Units Built Prior to 1960	41.9%	16.5%	13.6%	308%
Median Home Values	\$ 91,800	\$ 159,200	\$ 148,100	62%
Median Rent	\$ 708	\$ 826	\$ 879	81%
% of HH's Spending 35+% on Housing	45.7%	41.9%	43.3%	106%

Source: 2015 American Community Survey

The City's housing stock is predominantly renter occupied at 61.8% which is significantly more renter oriented than in Glynn County or the State of Georgia. Vacant units account for 15.3% of the inventory, even after a long-standing City program to remove long term vacant units from the inventory. The housing is old, with 41.9% of the inventory built before 1960 versus 13.6% statewide. Home values are very low at \$91,800 which is only 62% of the statewide average of \$148,100. Median rents are also low at \$708 per month, only 81% of the statewide average. A high percentage of Brunswick households, 45.7% are spending more than 35% of their incomes on housing. These are considered housing cost burdened households since the national norm is to spend 30% or less on housing costs.

According to Brunswick city officials, since 2009 the City has had a long-standing program to demolish dilapidated structures in the city. Through early 2016 a total of 200 properties have been demolished and 144 of the properties are still vacant lots. The City estimates there are another 140 dilapidated properties which will require demolition in the future.

Thus, Brunswick meets the requirements for TAD eligibility due to these challenging housing condition measures in the city.

**(A) (v) Conditions that Impair the Sound Growth of the Community**

The City of Brunswick was hit very hard by the Great Recession in 2009 and its economy and tax base have not yet recovered from its after-effects. As shown below, the City's tax digest has declined by 24% over the past decade, from a high of \$512 million in 2008 just as the Great Recession was starting, it dropped to \$325 million by 2012 and has been essentially flat since that time. Property taxes needed to support city functions have also dropped substantially. Today, total City property taxes are down 17% from their peak in 2008. The City is seeking to benefit from use of a TAD to stimulate new investment in the City and as a result recapture some of the decline in its Tax Digest.

City of Brunswick's Change in Tax Digest 2008-2016										
	2008	2009	2010	2011	2012	2013	2014	2015	2016	Change

## 4. Plan Vision and Goal

***The goal of the City of Brunswick Tax Allocation District #1: Brunswick Historic Core is to encourage the private redevelopment and reinvestment through targeted public improvements, improved infrastructure and strategic investment in redevelopment initiatives that will help implement the future development and economic vision of the City of Brunswick, Georgia.***

### 4.1. Proposed Land Uses after Redevelopment

This Redevelopment Plan envisions nine potential catalyst redevelopment projects within the TAD area that reflect community objectives identified in the 2007-2027 Glynn County Joint Comprehensive Plan. The redevelopment projects illustrate the scope of feasible potential redevelopment in the TAD area. These projects should be seen as illustrative for the purposes of modeling feasible redevelopment potential within the TAD boundaries. These plans do not reflect an endorsement or recommendation of any specific redevelopment project, site, or concept. These projects could be developed over the next 5 to 15 years.

These potential development programs are based on discussions of land use and density with City staff, maximum zoning allowances, and the available acreages of the redevelopment parcels and other typical developments in the greater Brunswick/coastal Georgia areas.

TAD #1: Potential / Planned Redevelopment Locations (shown in blue)

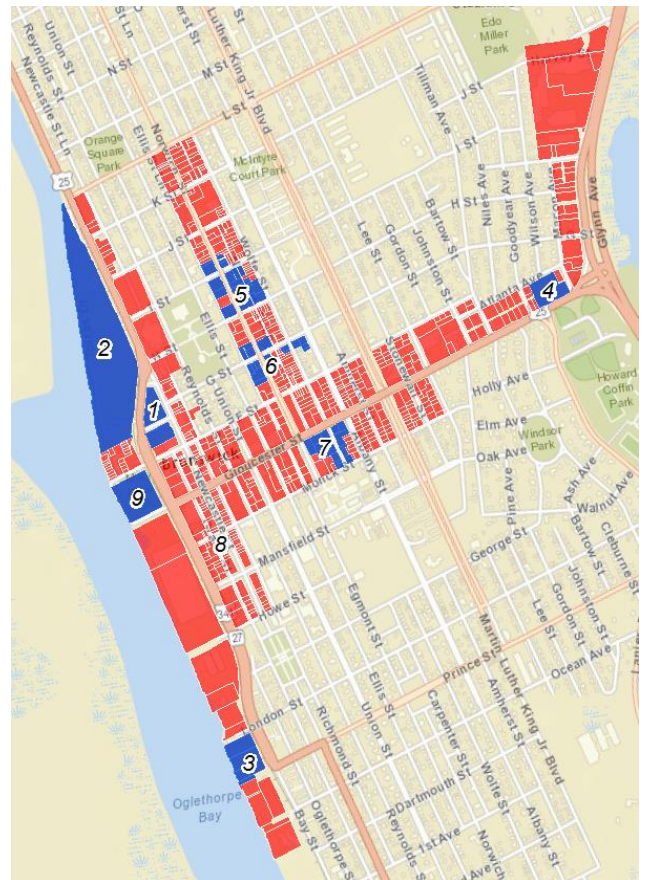

### Brunswick TAD #1: Redevelopment Project Sites

As shown on the accompanying map, nine hypothetical redevelopment projects that could occur on parcels within the TAD District boundary were identified. Estimates of the type and scope of development that could occur in each of these parcels, as well as the estimated total value of those redevelopment projects were derived. The nine hypothetical redevelopment projects are:

**Map3: Potential Redevelopment Projects**

1. **Hotel and Conference Center (Bay & Newcastle):** A 120-room hotel with conference space and limited ground floor retail.
2. **Marina Residential Mixed-Use:** 327 units of condos and townhomes on 14 acres adjacent to the Marina.
3. **London St. Waterfront Residential:** 112 condominium units on this key riverfront site.
4. **Gloucester & Macon Townhomes:** 19 townhomes on a vacant auto-sales lot.
5. **Norwich Mixed-Use:** Neighborhood infill redevelopment with 45 senior-housing units and ground floor retail.
6. **Norwich Infill Residential:** Neighborhood infill redevelopment of 20 small-lot single-family homes.
7. **Gloucester Mixed Use:** Neighborhood infill redevelopment with 54 multifamily rental units and ground-floor retail.
8. **Newcastle Hotel:** An 80-room hotel with ground floor retail.
9. **Mary Ross Park Residential Conversion:** Conversion of an existing office space into 20 waterfront condominium units.

The hypothetical development projects details and valuation estimates are shown on the next page. These projects serve as the basis for evaluating the financing of potential of redevelopment projects within the TAD district. We estimated total market value of each project based on reasonable density estimates and unit values derived from similar, recently-built developments in and around Brunswick.

The nine potential redevelopment projects would have a dramatic impact on the historic core of Brunswick, from major investments along the city's historic waterfront, creation of new hotel and conference space, expanded residential inventory for current and future residents and additional retail offerings for residents and visitors the City to enjoy and patronize. Combined, the nine potential developments would add--

- 597 new housing units including single family, townhomes and stacked flat condominiums and rental apartments, along with senior housing
- 200 new hotel rooms and 10,000 SF of convention/conference meeting space
- 38,000 SF of additional retail and restaurant space

If all nine potential redevelopment projects were implemented, they would have a current total market value of \$168 million, with a taxable value of \$67.2 million. This would increase the taxable value of the Historic Core TAD district from \$27.1 million to \$90.5 million in taxable value or \$63.4 million in net new taxable value--a 234% increase in today's value of the district.

Source: BAG

## 5. Contractual Relationships

Pursuant to O.C.G.A. §36-44-3(a), the Brunswick City Council will act as the redevelopment agent and will exercise redevelopment powers as needed to implement this plan. In doing so, the Council, either directly or through its designee, may conduct the following activities and enter into the following contracts:

1. Coordinate implementation activities with other major participants in the redevelopment plan and their respective development and planning entities involved in implementing this redevelopment plan.
2. Enter into development agreements with private developers to construct infrastructure and vertical developments to implement the redevelopment plan.
3. Negotiate and enter into commercial financing agreements and intergovernmental agreements as needed.
4. Coordinate public improvement planning, design and construction among City, County and State agencies and departments.
5. Prepare (either directly or through subcontract to other appropriate entities) economic and financial analyses, project specific feasibility studies and assessments of tax base increments in support of the issuance of tax allocation bonds or other forms of financing by the City.
6. The City will enter into contractual relationships with qualified vendors for the provision of professional and other services required in qualifying and issuing the bonds or other forms of financing including but not limited to, legal, underwriting, financial analysis and other related services.
7. The City will perform other duties as necessary to implement the redevelopment plan.

## 6. Relocation Plans

As is currently foreseen, no relocation of tenants, or residents from private homes, is anticipated within the proposed City of Brunswick TAD #1. In the future, should the relocation of existing homes or businesses be required, such relocation expenses may be provided for under all applicable federal, state and local guidelines if public funds are used for property acquisition. If such funding sources require relocation, benefits would be offered to tenants and users for relocation.

## 7. Zoning & Land Use Compatibility

The land parcels within the TAD area have a mix of land use designations. Of the 687 parcels within the TAD boundary, 272 parcels, representing 43 acres or 12% of the TAD area's land area, are designated as residential. A total of 400 parcels, representing 304 acres or 63% of the land area, are zoned for commercial use. Two parcels, representing 98 acres or 20% of the land area are zoned for industrial use, however the bulk of this land is currently used as park space.

Land Use Category	Parcels	%	Acres	%
Residential (SF)	270	39%	43.2	9%
Residential (MF)	2	0%	13.9	3%
Commercial	400	58%	304.2	63%
Industrial	2	0.3%	98.5	20%
Other	13	2%	21.1	4%
	687	100%	481	100%

As part of the 2008 Comprehensive Plan, the City of Brunswick adopted a Future Development Narrative outlining and defining with the City's stated vision for the future.

*The following future development narratives define a vision and preferred development patterns for each character area in the city. The future development narratives are both the basis for land use regulation and for implementation projects that address the specific needs of each area of the community.*

Most of the parcels proposed TAD area are classified in the future development plan as one of four character areas:

- **US 17 Commercial Corridor:** *The US Highway 17 Corridor should be a true gateway to the City of Brunswick and the Golden Isles region. [...] Development on the corridor should be multi-story, street-oriented, and predominantly mixed-use, with parking and service areas to the rear so that the architecture, the median landscaping, and the marsh form the dominant features of the corridor. Redevelopment along the northern portion of the corridor can help to reshape US 17 from a regional throughway into a new center of activity for the community.*
- **Urbana/Mayhew** *Neighborhood scale commercial, institutional, and mixed-use development along Gloucester, developed in a "Main Street" fashion with the building fronting the streetscape and parking to the rear [...] Multifamily redevelopment in existing areas of multifamily development, of compatible scale to the single-family areas surrounding and in traditional regional architectural styles*
- **Windsor Park** *Appropriate Land Uses: Single-family residential development. Neighborhood scale commercial, institutional, and mixed-use development along Gloucester, developed in a "Main Street" fashion with the building fronting the streetscape and parking to the rear. Community facilities such as parks, museums, and libraries, built to a neighborhood scale.*
- **Old Town** *Neighborhoods in Old Town need to see continued renovation of homes and infill on vacant lots. Glynn Academy needs to be made more pedestrian-friendly, with sidewalk improvements connecting the school with surrounding neighborhoods. Downtown should see a continued revitalization and a wider variety of activities and entertainment for all ages, but particularly for young adults and community youth. Appropriate Land Uses. Single-family residential development. Multifamily development in existing locations of multifamily. Community-scale commercial, institutional, and mixed-use development along Gloucester and Newcastle downtown. Multi-story, mixed-use or condominium development along the Newcastle and Bay Street corridors and in the waterfront area with publicly accessible boardwalks along the waterfront*

The model redevelopment projects presented in this TAD Redevelopment Plan are all compatible with these future land use character areas, and any development proposals arising in this area will be subject to all applicable local zoning and land use regulations and design guidelines.

## 8. Method of Financing / Proposed Public Investments

### 8.1. City of Brunswick Tax Allocation District TAD Potential

The following estimates of the bond revenues from the nine potential redevelopment projects in the City of Brunswick TAD #1: Brunswick Historic Core assume that both Glynn County and the Glynn County School Board pledge their M&O millage to the TAD redevelopment effort.

It is estimated that as a result of \$168 million of new investment, and the City were to issue bonds based on the projected increment, the incremental taxable value of \$63.4 million could support total potential TAD bond proceeds of up to \$16.6 million. Details of these forecasts are shown in the table below.

#### Brunswick TAD Bonding Potential Forecast

<b>Brunswick TAD #1 - Estimate of TAD Increment</b>	
Total Market Value of New Development	\$ 168,363,691
Taxable Value of New Development	\$ 67,199,484
Less Existing Taxable Value of TAD	-\$3,751,480
Net Increase in Taxable Value (Increment)	\$ 63,448,004
<b>Brunswick TAD #1 - Potential TAD Bond Proceeds</b>	
<b>2016 Taxable Value of TAD Area</b>	\$ 28,798,842
<b>Total TAD Taxable Value after Build-out</b>	\$ 92,246,846
Net New Taxable Value (Increment)	\$ 63,448,004
<b>2016 Millage Rates</b>	
City of Brunswick M& O Millage	13.219
Glynn County M&O Millage	5.673
Glynn Schools M&O Millage	16.157
<b>Total Millage Rate</b>	<b>35.049</b>
New Property Taxes*	\$ 2,223,789
<b>TAD Bond Incremental Amount Estimate</b>	
Property Taxes for Debt Service (95%)	\$ 2,112,600
Debt Coverage Ratio	125%
Bondable Property Tax	\$ 1,690,080
Interest Rate	6.0%
Bond Term (years)	25
<b>Estimated Bond Amount</b>	<b>\$ 21,742,676</b>
Issuance Costs (3%)	-\$ 652,280
Capitalized Interest (24 months)	-\$ 2,609,121
Debt Reserve (10%)	-\$ 1,859,088
<b>Net Bond Proceeds</b>	<b>\$ 16,622,187</b>

## 8.2. Proposed Public Investments

City of Brunswick intends to use TAD#1 as a key incentive to attract new development and investment into the Historic Core. While the specific uses of the TAD will be determined at the time individual projects are submitted for approval and funding, the city has established a set of initial funding criteria for the use of the TAD to guide future deliberations. Having a TAD in place will help fund a range of public investments which are all designed to achieve the future vision for the Historic Core of the City.

The purposes for future funding by the TAD would be:

- **Transportation and Mobility Enhancements**--To make transportation and mobility improvements to support future investment such as entrance and egress improvements, signalization enhancements, deceleration lanes, etc.
- **Site Specific Development Activities**—these will be case specific request for assistance in future redevelopment which could include parking decks, parking enhancements, etc.
- **Infrastructure Improvements**—this could be sewer and water related, detention facilities, underground utilities, etc.
- **Public Space Improvements**-- such as streetscapes, curb and sidewalk improvements, parks and pocket parks and other public spaces to improve the experience of shoppers, residents and visitors in the historic core.
- **Other Redevelopment Initiatives**--To provide funds to support site-specific development activities, including site preparation, demolition and clearance, utility improvements and environmental remediation, etc.

Shown below, for illustrative purposes, is an initial allocation of how potential funding from TAD#1 could be used for these various TAD-eligible activities.

### Potential Allocation of TAD Funds by Brunswick TAD #1 to Support Projects

Potential Use of TAD Funds by Brunswick TAD #1: Historic District		
	TAD #1 Share	Allocation
Transportation and mobility enhancements	10%	\$ 1,660,000
Site-specific development activities	30%	\$ 4,980,000
Infrastructure improvements	10%	\$ 1,660,000
Public space, landscaping, lighting, and other improvements	20%	\$ 3,320,000
Other redevelopment initiatives	30%	\$ 4,980,000
<b>Total</b>	<b>100%</b>	<b>\$ 16,600,000</b>

*Categories and cost allocations are estimates for potential projects as of 2017 and are subject to revision as the Redevelopment Plan is implemented. As priorities are identified or addressed, specific project amounts, allocations and priorities are subject to change*

## 8.3. The Benefits of the Brunswick TAD #1 to the City

The benefits of the TAD to the City of Brunswick will include:

- A substantial increase in the City’s Tax Digest that would not have occurred without the TAD. The increase is estimated to be \$63.4 million in new incremental taxable property value at build-out,

would be a 220% increase over the base taxable value of the property within the TAD – currently \$28.8 million.

- The TAD will expand the City’s redevelopment of the Downtown Historic District, along the Norwich and Highway 17 commercial corridors and will create a better environment for residents and visitors, including a potential for growth in the local tourism industry.
- Additional residential and commercial development will further diversify the tax base. Vacant properties will be replaced with new infill projects that will help to employ local residents and attract new visitors.
- The TAD will leverage substantial new private investment. Using TAD financing to fund construction of infrastructure will enable the City to attract over \$168 million in private investment for its investment of \$16.6 million in infrastructure, a leverage ratio of nearly \$9.12 private dollars invested for every \$1 of TAD investment.
- The development with TAD#1 should create substantial growth in property and sales tax revenues. Once all TAD obligations of the district are retired, the City, Glynn County and Glynn County School District will receive the full property tax increment from the new development created and throughout the period, the proposed redevelopment will generate additional retail sales with the result of increasing SPLOST and ESPLOST revenues to all three entities.

## 9. Assessed Valuation for TAD

The redevelopment area for the City of Brunswick Tax Allocation District #1: Brunswick Historic Core as defined in this Redevelopment Plan has a current fair market value of \$118,986,307 and an assessed value of \$28,798,842.

Pursuant to the Redevelopment Powers Law, upon adoption of the Redevelopment Plan and the creation of the tax allocation district, the City will request that the Commissioner of Revenue of the State of Georgia certify the tax base for 2017, the base year for the proposed tax allocation district.

The tax base will increase in the future through the private investment stimulated by the implementation of the redevelopment plan and the issuance of tax allocation bonds or loans or using a Pay-As-You-Go approach. In addition, this redevelopment is intended to stimulate other development in the district and lead to a substantial increase in property values as the redevelopment plan is implemented.

Upon completion of the redevelopment of the Brunswick Tax Allocation District #1 area as presented in this plan, this tax allocation district is projected to have a taxable value of \$92,246,846.

## 10. Historic Property within Boundaries of TAD

Brunswick is one of two port cities in coastal Georgia, along with Savannah, with a long historical presence dating back to General Oglethorpe’s initial plan for the city. The Old Town Brunswick Historic District was listed on the National Register of Historic Places in 1979. The City maintains and administers a vibrant and active National Register Historic District via the Brunswick Historic Preservation Board and related ordinance. The boundary of the District is roughly 1st Street, Bay and New Bay Street, H Street and MLK Jr. Drive in downtown Brunswick, which overlaps with much of the boundary of TAD #1. The district

contains many historic structures, including civic, commercial and residential structures spanning the long history of the City from the colonial period to the 1960s.

Any redevelopment or development activity within the TAD Redevelopment Area will be subject to all federal, state and local laws pertaining to historic structures and districts. No historic structures or districts in the TAD area will be substantially altered in any way inconsistent with technical standards for rehabilitation; or demolished unless feasibility for reuse has been evaluated based on technical standards for the review of historic preservation projects, which technical standards for rehabilitation and review shall be those used by the state historic preservation officer.

### 11. Creation & Termination Dates for TAD

The City of Brunswick Tax Allocation District #1: Brunswick Historic Core will be created effective December 31, 2017. The Redevelopment Powers Law provides that the district will be in existence until all redevelopment costs, including debt service, are paid in full.

### 12. Tax Allocation Increment Base

On or before December 30, 2017, the City of Brunswick, acting as the redevelopment agent, will apply to the State Revenue Commissioner for a certification of the tax allocation increment base of the proposed tax allocation district. The base is estimated as follows:

**City of Brunswick Proposed TAD Summary**

Brunswick TAD #1 - Last Known Assessed Valuation	
Parcels	687
Acres	481
TAD Base 2016 Market Value	\$ 118,986,307
TAD Base 2016 Taxable Value	\$ 28,798,842
New Development At Build-Out Market Value	\$ 168,363,691
New Development At Build-Out- Taxable Value	\$ 67,199,484
Less Existing Taxable Value of Redev. Areas	-\$ 3,751,480
Net Increase in Taxable Value (Increment)	\$ 63,448,004
Total TAD Market Value After Build-Out	\$ 115,234,827
Total TAD Taxable Value after Build-out	\$ 92,246,846
<b>Increment (Net Increase in Taxable value)</b>	<b>\$ 63,448,004</b>

*Source: BAG, Glynn County GIS, Georgia Department of Revenue  
 Appraised Value is a parcel's fair market value for tax purposes.  
 Assessed Value is 40% of appraised value, taxable value is the assessed value of all properties that are not tax-exempt.*

### 13. Property Taxes for Computing Tax Allocation Increments

As provided in the Redevelopment Powers Law, the taxes that will be included in the tax increment base for the tax allocation district are based on the authorized millage rates in 2016 as shown in the chart below.

Property Taxes Collected Within Tax District to Serve as Base

Valuation		
TAD Base 2016 Market Value	\$118,986,307	
TAD Base 2016 Taxable Value	\$28,798,842	
Property Taxes		
<i>Ad Valorem Tax Rates (M&amp;O Only)</i>	<i>Millage Rate</i>	<i>Taxes</i>
City of Brunswick Millage	13.219	\$ 380,692
Glynn County M&O Millage	5.673	\$ 163,376
Glynn Schools M&O Millage	16.16	\$ 465,303
<b>Total Property Taxes, City, Schools, County</b>	<b>35.049</b>	<b>\$ 1,009,371</b>

Source: BAG, Glynn County, Georgia Department of Revenue

The 2016 assessed value of real property in TAD #1 is \$28,798,842. This taxable value generates a total of \$1,009,371 in City, School and County (M&O) property taxes and serves as the base amount of taxes for the City of Brunswick Tax Allocation District #1: Historic Core. Millage rates for the Joint Development Authority (1.0) are not included in this estimate or are committed to TAD#1.

## 14. Tax Allocation Bond Issues

### 14.1. Amount of Bond Issue

Upon adoption of this redevelopment Plan, the City proposes to issue tax allocation bonds, notes or other financing approaches, in one or more bond issues in amounts to range from \$1.0 million to \$16.6 million.

### 14.2. Term of the Bond Issue or Issues

The City proposes to issue tax allocation bonds for a term no longer than 25 years.

### 14.3. Rate of Bond Issue

The City may issue fixed-rate tax exempt bonds in accordance with TAD #1. The actual rate on any potential bond issue will be determined at the time of issuance based upon general market conditions, anticipated development within the redevelopment area, assessed taxable property values, and federal tax law considerations. The City reserves the option to either operate the district on a pay-as-you-go basis or consider other potential financing options, including securing a loan from a lending institution, or other commercial financing to support future projects, as appropriate.

### 14.4. Positive Tax Allocation Increments

The positive tax allocation increment for the period covered by the term of the bonds is estimated to range from \$1 million to \$4 million annually after the redevelopment and build out is complete. The actual amount will depend upon the pace at which the Redevelopment Plan is implemented and the impact of the redevelopment activities and other economic factors on the tax base in the district as a whole.

### 14.5. Property Pledged for Payment of the Bonds

The bonds will be secured by the positive tax allocation increment from eligible ad valorem taxes levied by the City, and with their concurrence, Glynn County and Glynn County School District, on real property for these purposes.

### 14.6. Brunswick Liability

Tax allocation bonds that may be authorized by the City of Brunswick would be secured by the property tax increment revenue generated from within TAD #1. Such revenue bonds would not constitute a general obligation of the City and would not involve a pledge of the full faith and credit of the City of Brunswick.

From the projected tax allocation increments, it is possible that the City could be asked to rebate a portion of county or school TAD increments back to those jurisdictions as payments in lieu of taxes (PILOT payments), effectively lowering the net millage rate contributed by those jurisdictions to the TAD. This plan makes no specific assumptions in that regard. To the extent that rebates are requested from initial TAD proceeds, rather than later year proceeds after redevelopment has occurred, the amount of financing that could be leveraged by the TAD is reduced accordingly.

## 15. School System Impact Analysis

Georgia’s Redevelopment Powers Law governs the operation of tax allocation districts (TAD’s) in the State. The Law was amended during the 2009 legislative session to include a new provision under section 36-44-3(9)(R) for preparation of a “School System Impact Analysis”. This section presents the school impacts of the City of Brunswick Tax Allocation District #1.

### 15.1. The Current Value of Brunswick TAD vs. the Glynn Schools Tax Digest

The current taxable value for the City of Brunswick TAD #1 is \$28,798,842. According to the Georgia Department of Revenue, the 2016 taxable value of the Glynn County School District was \$4,171,747,696. Thus, the City of Brunswick TAD #1 represents approximately 0.7% of the school district’s total tax digest. The amount of ad valorem school taxes collected from the properties in the designated City of Brunswick TAD #1, as determined by the tax assessor on December 31, 2017, will continue to flow to Glynn County Schools throughout the operation of the TAD. The City of Brunswick TAD #1 will receive any additional property taxes collected above the 2017 base amount for use to attract redevelopment to this portion of the city.

**TAD Portion of Glynn County Schools Tax Digest**

Area	Net M&O Digest
TAD# 1 Base Value	\$ 28,798,842
Glynn Schools Digest	\$ 4,171,747,696
TAD % of Schools Digest	0.69%

### 15.2. Proposed Redevelopment in Brunswick TAD

As detailed earlier in this plan, there are nine potential redevelopment projects located on 35 acres of the City of Brunswick TAD #1. The redevelopment plan calls for a mix of uses including residential units, retail space, convention space and hotel rooms. The nine proposed projects, which would be built out over the next 5 to 15 years, could include:

TAD #1 Proposed Developments	
Land Use	SF/Units/Rooms
Housing	
Townhomes	53
Single Family	20
Multifamily rental	54
Condominiums	425
Senior housing	45
Total housing units	597
Retail	38,000
Convention Space	10,000
Hotel Rooms	200

These potential projects could have a total taxable value of \$67 million, which would represent a net potential increase, over current values of the parcels where they are developed of \$63.4 million in taxable value for the City of Brunswick within TAD #1.

### 15.3. Estimated Number of Public School Students from Brunswick TAD

Based on the proposed development plan for TAD #1, there are plans to add an additional 597 residential units over the first fifteen years of the TAD. Presented below is an estimate of the number of new residents and school aged children that would result from this future development. These estimates are based on several factors:

- A detailed analysis of resident and school aged children per residential unit in the state of Georgia prepared by Rutgers University in 2006.
- Anticipating that the prices and orientation of the rental apartments, senior housing and condominium development will appeal to a combination of singles and childless couples either empty nesters, retirees and seniors based on the experience of other similar projects in Georgia.
- That a portion of the units, as much as 25%, are assumed to appeal to existing residents in the greater Brunswick area and as a result, will have no net new impact on the schools since any children from these households would already be in the system.

Therefore, the nine proposed development projects in the TAD area will increase total enrollment in the Glynn County Schools by an estimated 68-90 students over the fifteen-year development period, or an average of 5-6 new students per year, as a result of new development in TAD #1.

Glynn County Schools had a total enrollment of 13,187 in March 2017, according to the Georgia Department of Education. The increased school enrollment from new development in TAD #1 would represent an addition of 0.7% to total enrollment in Glynn County Schools.

TAD #1: POPULATION AND SCHOOL AGED CHILDREN FROM HYPOTHETICAL DEVELOPMENT					
Unit Type	Units At Build-Out	Population Multiplier	Estimated Population	School Aged Children Multiplier	Estimated School Aged Children
<b>Single</b>	<b>20</b>				
3-bedroom	10	2.79	28	0.56	6
4-bedroom	10	3.34	33	0.88	9
<b>Townhouse</b>	<b>53</b>				
2-bedroom	27	1.88	51	0.22	6
3-bedroom	26	2.41	63	0.43	11
<b>Senior</b>	<b>45</b>

#### 15.4. Location of School Facilities within the Redevelopment Area

There are three school facilities located within TAD # 1:

- Glynn Board of Education Offices at 1313 Egmont Avenue
- Glynn Academy at 1001 Mansfield Street
- Goodyear Elementary at 3000 Roxboro Road

#### 15.5. School Impact Conclusions

TAD #1 will help the City of Brunswick leverage substantial private investment. Over the next fifteen years the taxable value in the TAD has the potential to increase by \$63.4 million. The portion of ad valorem property taxes generated for Glynn County Schools from this new investment will exceed \$1 million annually once all TAD financing is paid. In addition, Glynn County Schools will receive any property taxes

from increases in personal property value as they occur, since property taxes from personal property is not committed to the TAD.

- Glynn County schools will continue to receive the estimated \$465,000 in property taxes it currently receives from properties in TAD #1 each year for the life of the TAD.
- Over the next fifteen years, there are plans to potentially create 597 new residential units which will result in an estimated 68-90 new students for the school system, this averages approximately 6 additional students per year over the next fifteen years, resulting in a minimal impact to the School District.
- The three School District facilities located in TAD #1, it can potentially benefit from the TAD.

Based on consideration of all these factors, we believe the participation by the Glynn County School District in the TAD#1 would have a substantial net positive impact on the District by expanding its revenue base, minimizing the demand for new educational services, while continuing to receive the current property taxes collected in the TAD to the School District.
